TRUST GAMING

When every second counts, it could mean the difference between victory and defeat.

When every second counts in your game, it is necessary to have a gaming mouse which is extremely fast, accurate, comfortable and easy to adjust to your own desires. Keep ahead of the competition in your game with the GXT 158 Laser Gaming Mouse!
Symmetrical design

Specifically designed for ultimate comfort during your game, the GXT 158 fits perfectly under the palm of your hand. It is not only very comfortable, but with the 1.7m braided cable and the LED illumination it is designed attractive as well. The GXT 158 is just what you need during extended gaming sessions. This well-designed gaming mouse is an ideal addition for PC gaming with the extremely precise laser sensor of 5000 DPI, which lets you work on virtually any surface.

8 Programmable Buttons

Thanks to 8 programmable buttons you are totally prepared for every move. The buttons give you access to different game functions in one click. This results in an enormous advantage over gamers who are only using a keyboard for complex commands. Instead of looking for the right key combination on your keyboard you can easily perform any command with the mouse without even looking at it. The buttons at thumb panel on the side of the mouse are placed in slightly different angles, making sure you can find the right buttons intuitively.

Trust

Customise your game with the advanced software

Next to the GXT 158 laser gaming mouse, advanced software is included for personalising the gaming mouse fully to you wishes. Saving up to five personal profiles on the internal memory allows you to play on any pc with your own settings. On top of that, you can program successive key combinations with the advanced macro manager. For even lower response times, you can overclock the speed of your USB port.
